

To care for your BISTROBOARD™ –

- **Never** put in the dishwasher. This is a natural wood product that needs occasional oiling to keep it from drying out.
- Use Jim's BISTROBOARD™ Oil or mineral oil.
- Clean with warm soapy water after use.
- To further reduce bacteria, simply wipe with a very diluted bleach solution.
- Keep the board oiled and it will last for years!

*The BISTROBOARD™ is handmade in the U.S.A.  
from natural hardwoods.*

Size: 10-1/4" x 17" x 3/4"
